GENERAL GUIDELINES

- Absolutely NO students in the vehicle drive areas.

- Drive slowly in the parking lot (5 MPH).
- Students need to enter the car on the passenger side of the car.
- Pull your car to the furthest available spot up in the pick up area, and then let your students enter your car.
- NO cell phones in use while in the parking lot.
- Be courteous to other drivers.

PROCEDURE

4. Pull your vehicle forward to the furthest up spot available on the back of the building to your assigned color (orange, green, blue, red, or purple).

6. Once you have safely loaded your students, use the left-handed pullout lane to exit the loading zone in back of the school.
