

## News from Oquirrh Mountain Charter School!

**Dear OMCS Community:**

The class placements are posted at the school! Feel free to come on by and check them out.

### **Changing Faces**

Gregory Cox has been working this past week as the new Director. Since he is writing this it can be said with assuredness he is delighted to be here. He is excited about the mission and vision of OMCS.

Several changes have occurred both before and after he arrived. Some teachers have changed grade levels, Kathryn Thomas is no longer with us. Jeanne' will take office questions. The office will be staffed by either or both Dr. Cox and Jeanne' during much of July as preparations are continued for a terrific 2011-12 school year. Jeanne' will be off from July 17th - 30th as she serves her commitment to our armed forces.

Dr. Cox has visited with the PTO and many great school-community events will continue, expand and some new will be added in this coming year as we focus on the Mission/Vision and purpose for Oquirrh Mountain Charter School. Please save Saturday, August 13th for the Back-to-School Picnic. This will be an event to meet new friends and come together as a community dedicated to a wonderful and enlightening year.

Sincerely,  
Dr. Gregory Cox
